

Sorting Guide for PVC Waste

What is PVC waste?

Hard PVC waste is colored and clear PVC, such as gutters and electrical pipes, and usually comes from manufacturing companies, construction companies, or municipal recycling stations.

Hard PVC waste passes through one of HCS's facilities for inspection and possibly sorting before being sent for recycling.

If you wish to order a collection, get a quote, or need more information, feel free to contact HCS customer service by email at info@hcs.dk or via the following phone numbers. We look forward to hearing from you:

- Zealand - Phone +45 43 42 41 00
